Please provide your comments about this course; e.g., instructor's strengths and/or suggestions for improvements or any other online class concerns.

- Access its very delicate and a mistake its difficult to find for it to be corrected. I would suggest about four lesons instead of ten or so. Access its difficult itself for it to have lots of lessons and the student will fall behind just like I did.
- Class was easy.
- I feel that this instructor did a good job.
- I liked this class. The professor was really nice.
- It is a great course and instructor. The only problem is that it requieres time to do the units and I was usually working most of the time and didn't get my work in on time, but other than that, the course was very helpul.
- loved the class just didn't have time for all of my work in all my classes
- Mrs. Mooney is extemely adept at getting back to her students and helping with any problems that crop up. She is a caring teacher and it has been a pleasure to have these classes with her.
- Mrs. mooney was a great teacher and help me better understand things.
- Ms. Mooney is wonderful. She answers your emails very fast and gives all help needed, even if it means calling her. I would not change anything on this course
- My instructor was understanding, lenient, and easy to communicate with. The course was flexible.
- n/a
- no suggestions
- none
- Take the access work out of the class. No one is able to help wi this part of the course because no one uses this any more. I have 3 modules I am unable to complete at this time because I can not find anyone to help. The instructor s out on a family emergency.
- The class was very helpful and flexable with time.
- This class was alright, so I don't think you need to change a thing
- This course is good for other students to take because it is easy and you actually understand everything the instructions are saying. The instructor was really good and allways answered our e-mails when we had questions or concerns.
- This course was very fun and insightful. Mrs. Mooney was an excellent teacher and would recommend her to anyone in the future.
